The **Society of Motion Picture Still Photographers** was founded in 1995 as a nonprofit, honorary organization dedicated to the art of unit still photography. Our interests include raising awareness of the intrinsic value of unit photography, and the promotion of archival preservation of still pictures shot on sets for their historical and cultural importance. The organization also provides a forum for members to exchange ideas and discuss issues facing photographers today.

Atlanta Celebrates Photography (ACP) is a non-profit arts organization dedicated to the cultivation of the photographic arts and the enrichment of the Atlanta art community.
